# Lawson Series

This product may be subject to Building Code of Australia, local Council or other Regulatory Authority requirements with regard to location and height of installation in a bathroom/washroom, and is the responsibility of the installer to determine compliance if applicable.

INSTRUCTIONS

1. Loosen Grub Screw (B) with Hex Key (C) from Mounting Support (A) and remove Ferrule (E).
2. Mark mounting position for single Mounting Support.

Note: For dual Mounting Support application, ensure that height positions are parallel and Centre to Centre measurements (refer overleaf) are correct.

3. Drill hole(s) in marked position(s). Insert Hard Wall Anchor (F) or other suitable fastener appropriate to the wall being affixed to.

Note: Use Optional Dress Trim (G) for soft wall fixture.

4. Insert Screw (D) into Ferrule (E) and affix a small amount of silicone sealant on the interface surfaces (prevents ingress of water/cleaning agents) and tighten Screw (D) into Anchor (F) so that Ferrule (E) is secure to wall.

5. Position Mounting Support (A) and affix a small amount of silicone sealant on the interface surfaces (prevents ingress of water/cleaning agents) and push onto Ferrule (E).

Note: For dual Mounting Support application ensure that unit is parallel.

6. Secure unit by tightening Grub Screw (B) and clean off any excess sealant.
