ML-X3

The ML-X3 is a smart deadbolt that is another great addition to the McGrath Locks product range. Operated with a Bluetooth App, pin code, RFID card, fingerprint and override key to provide quick and convenient access. Send digital keys to friends and welcome guests or timed access if you have maintenance needing to be done at your property. The TLock App provides an audit trail so you can see who has had access to your lock and when. Add a gateway and the X3 can be unlocked anywhere in the world using the TLock App. The ML-X3 uses 4 x AA (Alkaline Only) batteries which can last up to 12 months on standard usage of 10 openings a day. The ML-X3 has a simple installation process and can fit in place of a 54mm hole or retrofit into an existing keyed deadbolt. It is supplied with a 60 to 70 mm adjustable bolt for maximum versatility.
